Re: New Cingular Wireless PCS, LLC, d/b/a AT&T Mobility  
Proposed Light Pole Installations  
Meeting Request

Dear Bob:

As you know this office represents New Cingular Wireless PCS, LLC, d/b/a AT&T Mobility ("AT&T") with regard to the above-referenced matter. As you also know, we attended both the Building and Planning Committee and Board of Commissioners meeting last month regarding a 20-node project that we are proposing on utility poles and light poles within the right-of-way. As a condition of approval of our waiver, it was noted that all installations on light poles needed to come back before the Building and Planning Committee as well as the Board of Commissioners for review of aesthetics. As such, we respectfully request that we be placed on the Building and Planning Committee agenda for July 25, 2018 and the Board of Commissioners agenda on August 1, 2018.

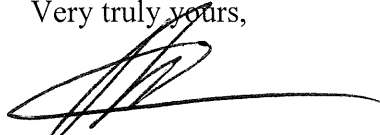

To that end, enclosed please find:

1. An aerial illustrating the location of the proposed nodes (the light standards being marked in green);
2. Four (4) photo simulations from four of the proposed location installations for the Township's review.

Should you have any concerns or questions, please feel free to contact my office at your convenience. We look forward to presenting these installations before the various bodies of the Township.

Very truly yours,

A handwritten signature in black ink, appearing to read 'N. A. Cucé, Jr.', with a long horizontal flourish extending to the right.
