

TOWNSHIP OF LOWER MERION

Public Works Committee

Issue Briefing

Topic: **Street Light Policy Revision**

Prepared By: **Paul A. McElhaney, Director of Public Works**

Date: **October 8, 2019**

I. Action To Be Considered By The Board:

Authorize revisions to the Street Light Policy by adding a cumulative score of 70 based on the prioritization parameters as the minimum needed score for consideration by the Public Works Committee, and the removal of the current specifications for the cobra head and colonial style fixtures with new specifications to be considered at a future date when product selection has been made through the Energy Savings Program or through staff review.

II. Why This Issue Requires Board Consideration:

The Board of Commissioners must authorize all changes to policy.

III. Current Policy Or Practice (If Applicable):

See attached policy (suggested changes are underlined and crossed out).

IV. Other Relevant Background Information:

V. Impact On Township Finances:

None

VI. Staff Recommendation:

Staff recommends that the Street Light Policy be revised as presented.
