

Certified Local Government Program

Certification Renewal Process for Existing CLGs

What is the CLG Program?

The Certified Local Government (CLG) program is a partnership between municipal governments, the Pennsylvania State Historic Preservation Office (PA SHPO), and the National Park Service (NPS) that promotes and supports holistic historic preservation programs in Pennsylvania municipalities. Designation is a mark of distinction that provides participating communities with credibility, as well as access to technical assistance and grant programs; it means that the municipality follows best practices and views preservation as an integral part of its community and economic development. Enclosed you will find information sheets about the program, its requirements and benefits.

Why did the CLG Guidelines change?

While the CLG program is established by Federal legislation, each state develops its own guidelines and procedures for how municipalities in that state can participate. The PA SHPO made some technical changes to the guidelines in 2008, but there hadn't been substantial updates to the program in almost two decades. Interest in the program dwindled over the years, and participating communities began expressing interest in additional benefits and resources. After several years of conversations with participating communities, reviews of other states, and analysis of data from a variety of sources, a new vision for the CLG program emerged and draft guidelines were issued for public comment in late 2017. The result is a program that focuses on helping Pennsylvania communities implement effective preservation programs by providing recognition, guidance, and technical and financial resources. The goal of this overhaul is to make the program more meaningful and responsive to the needs of Pennsylvania communities while helping them grow and improve their preservation programs.

Why should your community continue to participate in the CLG Program?

CLGs in Pennsylvania have access to a number of technical and financial resources that other municipalities in the Commonwealth do not. Among these resources are a dedicated grant program, pro-bono design and planning assistance, and priority consideration for DCED Keystone Communities funding and PHMC Keystone Historic Preservation Grants. Please see the enclosed information sheets or the PA SHPO website for more detailed information about these benefits.

What does being a CLG mean for your community?

After your community renews its participation in the CLG program, there are only a few requirements and expectations that may be different from what your community is already doing. The municipality may need to amend its ordinances, develop design guidelines, or revise some policies to be consistent with the ongoing performance standards. These standards follow the certification requirements very closely but include a few additional items that are intended to help a CLG grow and improve their preservation program. CLGs are also required to submit brief annual reports, attend training programs, and participate in the National Register of Historic Places process, as necessary.

To remain in good standing, CLGs are expected to meet the ongoing performance standards and submit annual reports. If your community is considering changing its ordinance, updating its comprehensive plan, or conducting a survey of historic resources, you should consult with the Community Preservation Coordinator for your region to be sure the project is consistent with the CLG guidelines. These projects, and others, may also be eligible for CLG grant funding.

What is the timeline for implementing changes that meet the new guidelines?

When your community renews its certification agreement, the Community Preservation Coordinator for your region will schedule an assessment of the municipality's current preservation program. This assessment will provide the community with an itemized list of recommendations for the community to implement over the next 4 years, when

a full evaluation will be conducted. There is no expectation that existing CLGs will meet all of the performance standards when they renew or will be required to implement new tools or policies right away. The goal is to help existing CLGs improve their preservation program steadily, but incrementally over a number of years.

How is the revised Certification Agreement different from the previous agreement?

The revised Certification Agreement differs from the agreement your community signed when it was first designated in only a few ways. The body of the Agreement is largely unchanged. Exhibit A contains the updated performance standards that are outlined in the revised program guidelines. Exhibit B contains a number of standard terms and conditions that, by law, must accompany all Commonwealth agreements. These terms and conditions are likely things that your municipality is already doing or has agreed to as a condition or receiving other common funding or benefits from the Commonwealth. If you have specific questions about Exhibit B, you may contact PHMC's Assistant Counsel, Gerard Leone, at geleone@pa.gov or (717) 346-3835.

This resolution is not required and only needs to be adopted if your municipality's laws require such approvals. If your governing body does adopt a resolution authorizing participation in the CLG program, please include a signed copy with your signed certification agreement signature pages.

2. Complete the CLG Information Sheet included in this packet

3. Return 3 copies the signed signature page and the CLG Information Sheet within 90 days to:

Following receipt of the signature pages, the PA SHPO will sign the agreement and forward the agreement to the National Park Service. You will also receive a fully executed copy of the certification agreement within 30-60 days. The Community Preservation Coordinator for your region will then schedule an assessment to help your community plan its next steps.

What if our community decides it no longer wants to be a CLG?

If your community decides that it is no longer interested in participating in the CLG program, you may request decertification by sending a letter to that effect to Elizabeth Rairigh at the address listed above. If we do not receive a signed certification agreement or you have not requested an extension within 90 days, we will assume that your community no longer wishes to participate and will recommend decertification to the National Park Service.

Certified Local Government Program

Program Overview for Pennsylvania Communities

The Certified Local Government (CLG) program is a partnership between municipal governments, the Pennsylvania State Historic Preservation Office (PA SHPO), and the National Park Service (NPS) that promotes and supports holistic historic preservation programs and policies in Pennsylvania municipalities. Designation is a mark of distinction that provides participating communities with credibility, as well as access to technical assistance and grant programs; it means that the municipality follows best practices and views preservation as an integral part of its community and economic development.

What does the CLG program in Pennsylvania do?

The CLG program in Pennsylvania recognizes the unique characteristics of the Commonwealth's communities while promoting technical, legal, and procedural best practices that are common to all participating communities. The CLG program in Pennsylvania:

- Establishes standards and distributes guidance for best practices in municipal historic preservation programs;
- Engages CLGs in implementing State and Federal historic preservation programs;
- Provides technical and financial support for projects that increase local capacity and implement best practices related to historic resources;
- Facilitates networking and the exchange of ideas among CLGs; and
- Facilitates training opportunities for municipal leaders.

Why should my community become a CLG?

The CLG program provides exclusive benefits for participating communities, including a dedicated grant program, specialized technical assistance, and participation in the National Register of Historic Places nomination process. Beyond the tangible benefits, being a CLG also provides **credibility** and **distinction** by demonstrating that the community is following best practices and meeting its legal and ethical obligations.

- The **CLG Grant Program** provides funding to develop the tools, products, programs, and services municipalities need to administer their local preservation programs effectively and in accordance with the CLG program guidelines.
- **Designing for Preservation Solutions** provides free design services to CLGs and related community organizations.
- **Guidance for Preservation Solutions** is a technical assistance program that provides CLGs with free, comprehensive advice from the PA SHPO on cultural resource issues and projects in their communities.
- CLGs participate formally in the **National Register of Historic Places review process** for properties in their communities.
- Projects within CLGs will receive **special consideration** for **Keystone Communities funding** from DCED and **Keystone Historic Preservation Grants** from PA SHPO.

What are the requirements for being a CLG?

In order to become a CLG, municipalities must demonstrate their commitment to historic preservation by having certain policies and practices in place at the time of application. These minimum certification requirements are the building blocks of an effective local preservation program and will help the community make the most of its participation in the CLG program. To remain active and in good standing, CLGs must meet ongoing performance standards and submit brief annual reports.

The Certification Checklist and the CLG Guidelines and Procedures provide detailed information about the specific tools, policies, and practices that a municipality must have in place in order to be eligible for the CLG program. These core requirements include:

- Enacting an historic preservation ordinance that, at a minimum, requires the municipality to review and approve the proposed demolition of designated historic buildings and new construction in historic districts;
- Appointing a preservation commission or Historic Architectural Review Board (HARB) to administer the preservation ordinance;
- Incorporating historic resources and historic preservation strategies into the community's comprehensive plan.

How can my community become a CLG?

If your community is interested in becoming a CLG, your first step should be to talk with the PA SHPO Community Preservation Coordinator for your region about your community's preservation program and the application process.

Here are a few important pointers and tips about the application process:

- There are no application deadlines, and applications are accepted on a rolling basis.
- Once your municipality submits its application, the certification process generally takes 3 to 4 months to complete.
- The CLG application must be signed by the chief elected official in your municipality. This typically requires authorization from the governing body, such as the City or Borough Council or Board of Supervisors.

What happens after a community becomes a CLG?

After a community is designated a CLG, there are only a few requirements and expectations that may be different from what the community was already doing. The municipality may need to amend its ordinances, develop design guidelines, or revise some policies to be consistent with the ongoing performance standards. These standards follow the certification requirements very closely but include a few additional items that are intended to help a CLG grow and improve their preservation program. CLGs are also required to submit brief annual reports, attend training programs, and participate in the National Register of Historic Places process, as required. The Performance Standards Checklist can help your community evaluate its program and identify opportunities for improvement.

What does a municipality have to do in order to remain a CLG?

To remain in good standing, CLGs are expected to meet the ongoing performance standards and submit annual reports. If a CLG community is considering changing its ordinance, updating its comprehensive plan, or conducting a survey of historic resources, they should consult with the Community Preservation Coordinator for their region to be sure the project is consistent with the CLG guidelines. These projects, and others, may also be eligible for CLG grant funding.

What are the reporting requirements?

CLGs are required to submit brief annual reports by March 1 of each year. The reports cover the previous calendar year and provide updated contact information, basic information about the number and types of projects reviewed, training activities, and changes to ordinances and plans. CLGs may not be eligible to receive CLG grants or scholarships if they do not submit their annual reports.

How are CLGs evaluated?

The PA SHPO evaluates each CLG every 4 years. Evaluations are an opportunity for CLGs to discuss issues, needs, and priorities with PA SHPO staff, and they include an assessment of how the community is meeting the performance standards. The evaluation process may involve reviewing ordinances, plans, and annual reports, meetings with review boards, staff, and elected officials, and public input. Each evaluation concludes with a written report that identifies strengths as well as opportunities for improvement.

What happens if a CLG isn't meeting the performance standards?

The goal of the CLG program is to help communities develop and improve effective preservation programs, so failing to meet every performance standard all of the time will rarely result in decertification. However, if there are significant or recurring preservation issues in a community or the evaluation process identifies problems with a CLG's ordinances or practices, the PA SHPO may ask the community to take corrective actions within a specific timeframe. Failure to address the requested changes may result in decertification.

Section 35.101 et seq., the Municipality understands and agrees that it shall not cause any individual with a disability to be excluded from participation in this Agreement or from activities provided for under this Agreement or related grant activities on the basis of the disability. As a condition of accepting this Agreement, the Municipality agrees to comply with the "General Prohibitions Against Discrimination," 28 C.F.R. Section 35.130, and all other regulations promulgated under Title II of The Americans With Disabilities Act which are applicable to all benefits, services, programs, and activities provided by the Commonwealth of Pennsylvania through contracts with outside contractors.
2. The Municipality shall be responsible for and agrees to indemnify and hold harmless the Commonwealth of Pennsylvania from all losses, damages, expenses, claims, demands, suits, and actions brought by any third party against the Commonwealth of Pennsylvania as a result

of the Municipality's failure to comply with the provisions of Subparagraph 1 above.

III. Sovereign Immunity and Commonwealth Held Harmless Provisions:

1. The Municipality shall hold the Commonwealth harmless from and indemnify the Commonwealth against any and all third party claims, demands and actions based upon or arising out of any activities performed by the Municipality and its employees and agents under this Agreement, provided the Commonwealth gives Municipality prompt notice of any such claim of which it learns. Pursuant to the Commonwealth Attorneys Act (71 P.S. Section 732-101, et seq.), the Office of Attorney General (OAG) has the sole authority to represent the Commonwealth in actions brought against the Commonwealth. The OAG may, however, in its sole discretion and under such terms as it deems appropriate, delegate its right of defense. If OAG delegates the defense to the Municipality, the Commonwealth will cooperate with all reasonable requests of Municipality made in the defense of such suits.
2. Notwithstanding the above, neither party shall enter into any settlement without the other party's written consent, which shall not be unreasonably withheld. The Commonwealth may, in its sole discretion, allow the Municipality to control the defense and any related settlement negotiations.

IV. Public Information:

This Agreement and all related records are subject to the National Historic Preservation Act at 54 U.S.C. § 307103, and Pennsylvania's Right to Know Law, 62 P.S. §§ 67.101-67.3104. Neither Party shall release any record that would, in the judgment of the Party, be subject to protection under the National Historic Preservation Act or an exemption from disclosure under the Right to Know Law, without first providing notice to the other Party and the National Park Service within five (5) business days of the receipt of the request. The Parties and the National Park Service will discuss appropriate actions to be taken, including release of the requested information or other action, prior to the release of records.

V. Minimum Wage Provision (and as consistent with applicable federal law and policy):

1. **Enhanced Minimum Wage.** Municipality agrees to pay no less than \$12.00 per hour to its employees for all hours worked directly performing the services called for in this Agreement or related grants, and for an employee's hours performing ancillary services necessary for the performance of the contracted services or lease when such employee spends at least twenty per cent (20%) of their time performing ancillary services in a given work week. If federal funds are used for grant-supported activity federal rules apply
2. **Adjustment.** Beginning July 1, 2019, and annually thereafter, the minimum wage rate shall be increased by \$0.50 until July 1, 2024, when the minimum wage reaches \$15.00. Thereafter, the minimum wage rate would be increased by an annual cost-of-living adjustment using the percentage change in the Consumer Price Index for All Urban Consumers (CPI-U) for Pennsylvania, New Jersey, Delaware, and Maryland. The applicable adjusted amount shall be

published in the Pennsylvania Bulletin by March 1 of each year to be effective the following July 1.

3. **Exceptions.** These Enhanced Minimum Wage Provisions shall not apply to employees:
 - a. exempt from the minimum wage under the Minimum Wage Act of 1968, 43 P.S. § 333.101-333.115;
 - b. covered by a collective bargaining agreement;
 - c. required to be paid a higher wage under another state or federal law governing the services, including the Prevailing Wage Act, 43 P.S. 165-1-1655-17, and Davis-Bacon Act, 40 U.S.C. 3141-3148; or
 - d. required to be paid a higher wage under any federal, state, or local policy or ordinance.
4. **Notice.** Municipality shall post these Enhanced Minimum Wage Provisions for the entire period of the Agreement and related grants conspicuously in easily accessible and well-lighted places customarily frequented by employees at or near where the contracted services are performed.
5. **Records.** Municipality must maintain and, upon request and within the time periods requested by the Commonwealth, furnish all employment and wage records necessary to document compliance with these Enhanced Minimum Wage Provisions.
6. **Sanctions.** Failure to comply with these Enhanced Minimum Wage Provisions may result in the imposition of sanctions, which may include, but shall not be limited to, termination of the Agreement, nonpayment, debarment or referral to the Office of General Counsel for appropriate civil or criminal referral.
7. **Subcontractors.** Municipality shall include the provisions of these Enhanced Minimum Wage Provisions in every subcontract so that these provisions will be binding upon each subcontractor.

IN WITNESS WHEREOF, the parties hereto have caused this Agreement to be executed in accordance with the terms and conditions set forth herein.
