

Main Line Greenway Sign Plan

Township of Lower Merion
Borough of Narberth

Phase 1A: September, 2025

Main Line Greenway
Sign Plan

Greenway Phase I - SE Section

The planned first phase of the Greenway - 5.5 miles

DR1.N
 Directional Sign: Large (New Pole)
 Quantity (LMT): 5

Fabrication cost (ea): \$2,580
 Installation cost (ea): \$1,280

Fabrication cost (total):
 Installation cost (total):
Total Cost:

\$12,900
 \$6,400
\$19,300

**(Not included
 in this phase)**

DR2.N
 Directional Sign: Medium (New Pole)
 Quantity (LMT): 8

Fabrication cost (ea): \$1,890
 Installation cost (ea): \$1,080

Fabrication cost (total):
 Installation cost (total):
Total Cost:

\$15,120
 \$8,640
\$23,760

DR3.N.S
 Directional Sign: Small (New Pole, Single-Sided)
 Quantity (LMT): 17

Fabrication cost (ea): \$1,766
 Installation cost (ea): \$868

Fabrication cost (total):
 Installation cost (total):
Total Cost:

\$30,022
 \$14,756
\$44,778

**(Savings anticipated
 through value
 engineering)**

DR3.E.S
 Directional Sign: Small (Existing Pole, Single-Sided)
 Quantity (LMT): 24

Fabrication cost (ea): \$254
 Installation cost (ea): \$36

Fabrication cost (total):
 Installation cost (total):
Total Cost:

\$6,096
 \$864
\$6,960

The pricing shown is an estimate and should not be misconstrued as the actual final cost. The actual cost will vary depending on final design decisions, programming decisions, and the economic climate at the time of bid.

Total Cost is based on estimates using custom design elements. With refinements, it is expected that all signs within Sign Types DR3.N.S. and DR3.E.S. can be fabricated and installed within the \$45,000 threshold.

Fabrication cost (all):
 Installation cost (all):
Total Cost (all):

\$51,238
 \$24,260
\$75,498
